

Music that goes beyond:
eurobrass in [City]

Since 1978, the eurobrass ensemble has captivated German concert audiences with its unique combination of beautiful music and a message of hope and joy in Jesus Christ. This year, the ensemble will be touring in the United States—and playing at [Concert Location] on [Date] at [Time]. Showcasing various combinations of trumpets, horns, trombones, and tuba, eurobrass will present a program that reflects the diversity and richness of God's creation, performed with musical precision and infectious joy. The twelve members of the ensemble come from twelve states—ten in the US, two in Germany—and perform in ensembles ranging from symphony orchestras to soul bands. A eurobrass concert includes a similar diversity of music, from classical to gospel jazz and from ancient hymns of the church to modern praise and worship. Come see for yourself how music can go beyond!

Admission to the concert is free; a love offering will be taken. For more information, call [Contact Number] or visit eurobrass.de.
